

**fNIRS 2018**  
Oct. 5-8, Tokyo, JAPAN

**Call for abstracts for fNIRS2018**

*October 5-8 2018, Tokyo Japan*

*The biennial meeting of the Society for Functional Near Infrared Spectroscopy*

We are inviting abstract submissions for talk and poster presentations beginning April 15th, 2018. The deadline for abstract submission is June 1st, 2018 (midnight GMT).

We welcome submissions that present research on any topic in the field of functional near-infrared spectroscopy (fNIRS). For further information about previous meetings and the society please visit <http://www.sfnirs.org> .

Authors are requested to choose one of the following topic areas for their abstracts:

- Hardware development
- Data analysis & algorithms
- Neonatal, pediatric application and developmental neuroscience
- Cognitive and social neuroscience  
(including language and hyperscanning)
- Clinical applications related to the adult brain
- Computational neuroscience and neuroscience application  
(including machine learning, neural network, brain computer interface, neurofeedback, neuromarketing)
- Global fNIRS
- Other topics  
(including “origin of the signals” special session.

For more information, to see the list of invited speakers and to submit an abstract please visit <http://www.fnirs2018.org> .

Abstracts must follow the template that is available online at [fnirs2018.org](http://fnirs2018.org) and the whole submission, i.e., the main text as well as any figures, tables and references, should fit on one A4 page. Submissions can only be uploaded in PDF format.

On behalf of the program committee,

Gentaro Taga and Turgut Durduran
